**WEBINAR**

## **Critical Incident Response Training**

BPA Health is excited to be offering a free webinar on Critical Incident Response (CIR). This webinar is worth 1.5 CEs for providers in the BPA Health EAP/SFAP Network and focuses on appropriate interventions with conducting a critical incident response in an employer office or school. Upon completion, participants will be eligible to receive BPA Health CIR referrals.

### **LEARNING OBJECTIVES**

Upon completion of the training, participants will be able to:

- Define a Critical Incident (CI)
- Understand goals, values, guidelines and process of a CI Response (CIR)
- Define types of interventions covered by EAP/SFAP services
- Identify appropriate intervention
- Identify stress management topics and skills appropriate to CIR

### **BENEFITS OF BECOMING A CIR PROVIDER**

- Helping your community during a time of crisis
- Potential of client referrals
- Increase in CIR reimbursement rate including mileage and drive time

### **YOUR TRAINERS**

LaDessa Foster, LCPC, MAC, NCC; has over 30 years of behavioral health experience serving individuals with co-occurring mental health and substance use disorders.

Lianna Erickson-Trembath, LCPC, AADC; has specialized in mental health and addictions therapy for 14 years.
